WORSHIP SERIES

LOVING THE LIFE WE  
(ALREADY) HAVE:  
Finding Blessings in Our Imperfect Days

---

October 22	The Blessing of the Ordinary
October 29	The Blessing of Being Overwhelmed
November 5	The Blessing of Loss (All Saints Sunday)

Many of us spend a great deal of energy and effort crafting the life *wewish for*. Maybe what we need, however, is a language of acknowledgement for the lives we *have*. In this series we'll offer a spiritual account of the full breadth of our experiences: the good, the bad, the difficult, the mundane.

## COMPOSTING CLASS

November 4 | 10 - 11 am | Room 150

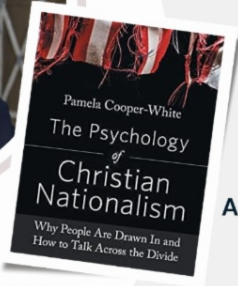

Approximately 30 percent of all waste currently going to the landfill could be composted. Fort Worth residents now have the opportunity to turn even more waste into resources by collecting their food scraps, which

can be processed into compost — a rich soil nutrient. When composted, food scraps are diverted from your garbage cart helping to preserve the life of the city's landfill. Join the discussion with city experts and find out more about food waste composting. Through small changes we can make a big difference.

### CHRISTIAN NATIONALISM

**NOVEMBER 15**  
**6:30 PM**  
**WALKER HALL**

How do we overcome polarization in American society? How do we advocate for justice when one side won't listen to the other and cycles of outrage escalate.

Dr. Pamela Cooper-White will help us uncover the troubling extent of Christian nationalism and look at ways to talk across the deep divides in our society.
