WAYS TO GIVE

Summer building construction brings changes

Due to noise and work in and around the lobby area, our receptionist has been relocated to the third floor. If you need to meet someone in the building during the week, it would be a good idea to *make an appointment* so we can meet you to let you in and help you navigate where you need to be. Please know that the lobby and reception desk will still be open on Sundays.

In addition, be aware that the Rogers Street entrance is closed and no longer available! For the next few months, you will need to enter the building through the main entrance on University. Other entrances will only be available on Sundays.

If you have any questions about all of this, please refer to our website at universitychristian.org/cornerstone.
